

## FEINBERG E-COLLECTION AT ASHER LIBRARY OF SPERTUS INSTITUTE

*Glenn Ferdman*

**Glenn Ferdman**, MLS, is the director of the Norman & Helen Asher Library of Spertus Institute of Jewish Studies in Chicago, and has been looking for a good excuse to visit Colorado since his last trip in 1976! He can be reached at <mailto:gferdman@spertus.edu>.

**Description:** Given the dearth of full-text online resources in the area of Jewish studies, Asher Library of Spertus Institute set out to develop a collection of such material to make available for its 200 plus distance learning students. This presentation will discuss the successful implementation of this collection, including copyright and licensing issues, installation and maintenance, front-end design, and end-user support.
